## INTRODUCTION:

Welcome to Watson International a premier swimming pool construction company dedicated to creating beautiful, functional outdoor spaces for our clients. Since our founding in 1999, we've been committed to providing the highest quality of workmanship and customer service.

At Watson International, our mission is to design and build custom swimming pools that exceed our clients' expectations. We understand that every client is unique, and we work closely with each of our clients to create a custom pool design that fits their lifestyle, aesthetic preferences, and budget.

What sets us apart from other swimming pool construction companies is our attention to detail and commitment to customer satisfaction. We believe that every project is a collaboration between our team and our clients, and we're dedicated to working closely with our clients throughout the entire construction process to ensure that their vision becomes a reality.

## OUR SERVICES:

At Watson International, we offer a wide range of swimming pool construction and maintenance services, including luxurious amenities like Jacuzzis, sauna baths, and steam baths. Our experienced team of designers, contractors, and maintenance professionals is dedicated to delivering high-quality workmanship and exceptional customer service. Whether it's designing, building, or maintaining a swimming pool, we prioritize excellence and strive to exceed our clients' expectations. Choose Watson International for all your swimming pool needs and experience the ultimate in aquatic bliss.

### Our services include:

- 1-** Custom Pool Design: Our team of experienced designers will work closely with you to create a custom pool design that fits your specific needs, preferences, and budget.
- 2-** Pool Installation: We specialize in the construction of new swimming pools, including everything from excavation and foundation work to final installation and testing.
- 3-** Pool Renovation: Whether you're looking to update the look of your current pool, improve its functionality, or add new features, our team can help. We offer a wide range of renovation services, including resurfacing, tile replacement, and equipment upgrades.
- 5-** Pool Maintenance: Keeping your pool in top condition requires regular cleaning and maintenance. Our team can help with everything from routine cleaning and chemical balancing to equipment repair and replacement.
- 6-** Pool Repair: If your pool is in need of repairs, our team can help. We have experience with everything from minor repairs to major structural issues, and we're dedicated to finding cost-effective solutions that meet our clients' needs.

# OUR PROCESS:

At Watson International, we understand that every client is unique, and that's why we approach every swimming pool construction project with a personalized process designed to meet our clients' specific needs. Here's an overview of our process for building swimming pools:

**1- Initial Consultation:** We'll start by scheduling an initial consultation with you to discuss your vision for your swimming pool. During this meeting, we'll ask you about your design preferences, functionality needs, and budget to get a clear sense of what you're looking for in your new pool.

**2- Pool Design:** Once we have a clear understanding of your vision for your pool, our team of experienced designers will get to work creating a custom pool design that meets your specific needs and preferences. We'll provide you with detailed renderings and plans so you can get a clear sense of what your pool will look like before construction begins.

**3- Permitting and Approval:** Before we begin construction, we'll work with you to secure any necessary permits and approvals from local authorities. We'll handle all of the paperwork and ensure that everything is in order before we break ground.

**4- Excavation and Foundation Work:** Once we have all of the necessary permits and approvals, we'll begin excavation and foundation work for your new pool. We'll work quickly and efficiently to minimize disruption to your property and ensure that everything is done according to plan.

**5- Construction and Installation:** With the foundation in place, we'll begin construction and installation of your new pool. Our team of experienced contractors will work closely with you to ensure that everything is done according to your specifications and that the final product exceeds your expectations.

**6- Final Inspection and Testing:** Once construction is complete, we'll conduct a final inspection and testing of your pool to ensure that everything is functioning properly and meets our high standards of quality.

## OUR EXPERTISE:

At Watson International, we have extensive experience and expertise in the swimming pool construction industry. Our team includes licensed contractors, experienced designers, and skilled maintenance professionals who are dedicated to delivering high-quality workmanship and exceptional customer service.

We hold certifications from industry-leading organizations, including the National Plasterers Council and the Association of Pool and Spa Professionals, and have earned numerous awards and accolades for our work, including Best of Houzz and recognition from the Better Business Bureau. We're committed to providing our clients with the highest level of service, and our expertise and experience in the industry are a testament to our commitment to excellence.

If you're looking for a swimming pool construction company with a proven record of success, look no further than Watson International. Contact us today to learn more about our services and how we can help you create the perfect swimming pool for your outdoor space.

## FAQ'S :

### **Q: What types of swimming pool construction services do you offer?**

A: We offer a wide range of services, including custom pool design, installation, renovation, maintenance, and repair.

### **Q: How long does it take to build a swimming pool?**

A: The timeline for building a swimming pool can vary depending on a number of factors, including the size and complexity of the pool and any necessary permitting and approvals. Our team will work closely with you to provide a realistic timeline for your specific project.

### **Q: How much does it cost to build a swimming pool?**

A: The cost of building a swimming pool can vary widely depending on a number of factors, including the size and complexity of the pool, materials used, and any additional features or accessories. We'll provide you with a detailed cost estimate before we begin construction.

### **Q: Do you offer maintenance and repair services for existing pools?**

A: Yes, we offer a wide range of maintenance and repair services for existing pools, including routine cleaning, chemical balancing, equipment repair and replacement, and more.

If you have any other questions about our services or the swimming pool construction process, please don't hesitate to contact us. Our team is dedicated to providing exceptional customer service and we're always happy to help.

# WHY CHOOSE US?
